

Want to feel sensational this summer?

MySpa Clinics is giving the people of Cheshire amazing deals on its latest health and beauty treatments...

A WORLD away from the stresses and strains of everyday life, **MySpa Clinics** on London Road in Adlington, is giving the people of Cheshire the very latest beauty treatments for just a little bit less this summer:

"We understand that many of our clients are feeling the pinch right now so we've developed some great value offers that won't break the bank but will leave you looking and feeling absolutely gorgeous, it's all about great skin and losing inches right now as we head into summer," said Ann Middleton, clinic manager.

Three for two

With everyone's increasingly busy lives, MySpa understands that 'me time' is extremely precious. So, to help maximize your time and money it is offering a fantastic promotion this month on the Beauté Neuve Guinot facial. This fabulous new anti-ageing facial promotes cell renewal, radiance and anti-pigmentation and can be tailored to all skin types. Why is it so good? Over time skin loses its radiance and elasticity and this 'four phase facial' works on separating and removing

congested dead skin cells and finishes with a pure concentrated vitamin C mask that tightens and regenerates your skin. This unique anti-ageing facial will leave you feeling relaxed and radiant with your skin truly rejuvenated. Experts recommend a course of three for maximum results. A single treatment of Beauté Neuve will cost £45 but to ensure you gain the full benefits of this fabulous facial, MySpa is offering three for the price of two when you book treatments before July 31, 2009 that's a great saving of £45.

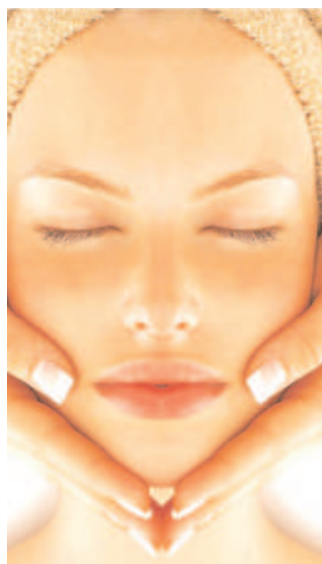

Lose six inches fast

The MySpa experience is all about inspiring a new you - a confident, relaxed and radiant you. At this time of year while thoughts turn to sunnier weather, it is often a time when we want a little pampering and preening to ensure we look our best. Why not start with the increasingly popular and celeb favourite, the universal contour wrap. Guaranteed to lose at least six inches for 30 days, the wrap sculpts and tones your body but also works on detoxifying and cleansing so you will not only

look fantastic but will feel it too. Perfect for preparing to hit the beach or for that summer wedding or party. Lose six inches in a single treatment for only £70 or for maximum inch loss book a course of three for £185 and save £25.

Lipodissolve available

Say goodbye to stubborn love handles, bingo wings, lower eye pads and your mummy tummy without surgery. The latest groundbreaking treatment in the MySpa rejuvenation portfolio is Lipodissolve, the vitamin injection treatment which sculpts those areas we all seem to have trouble with - the upper arms, hips, stomach and chin. "We are over the moon with the results we are getting with Lipodissolve," said senior practitioner John Parker. "The treatment shouldn't be regarded as a new miracle drug for weight reduction, but in the case of fat deposits which can't be removed by diet or exercise, then Lipodissolve is extremely effective." The perfect pre beach / bikini treatment Lipodissolve is available at MySpa for £800 in June and July. That's a saving of £200.
