# NEW YEAR - NEW YOU INCH LOSS SPECIAL

CELEB BEAUTY SECRETS REVEALED FROM OUR FRIENDS AT MYSPA

The indulgence of the festive period is still lingering and we could all do with a helping hand to shift those inevitably gained pounds and inches. We asked our friends at MySpa for the best way to help us look and feel that little bit trimmer in 2010!

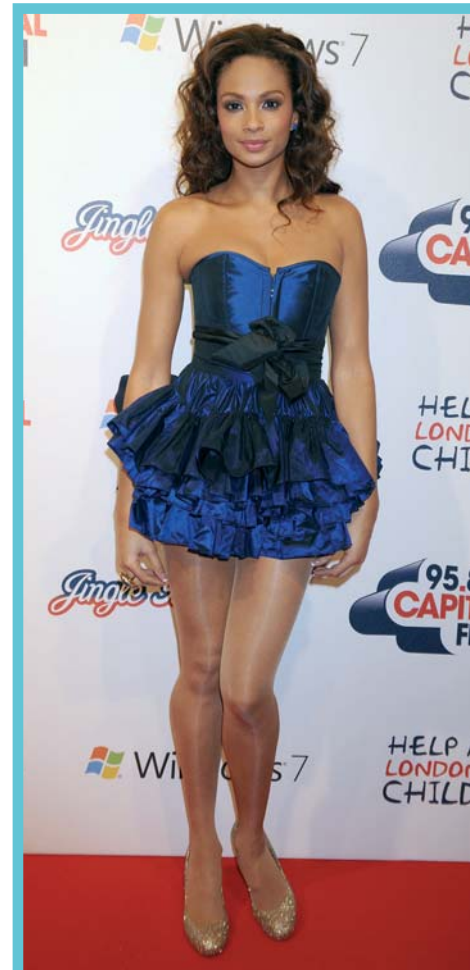

## Inch Loss Wrap

A fantastic way to kick start any diet or weight loss programme, the Universal Contour Wrap is the only scientifically proven inch loss treatment that guarantees you'll lose at least **6 inches in just one treatment**. And what's more, the inch loss is **guaranteed for 30 days**.

After being wrapped up in a mummy like fashion with detoxifying clay bandages for just two hours, not only will you feel completely relaxed and refreshed but you will also see instant results.

The benefits of the unique clay formula and special wrapping techniques mean that your body is tightened and toned whilst your skin is being soothingly exfoliated and cleansed.

The instant inch loss is a massive incentive to help keep you focused and stick to all those healthy resolutions!

Alesha Dixon has regular wraps to keep her dancers' figure perfectly trim.
